EXPERIENCE

Web Developer Intern

Aug. 2024 – Present

Trustopay

Vadodara, India

- Implemented user interfaces using React.js, focusing on creating intuitive and responsive user experiences.
- Crafted a visually appealing and user-friendly front end for the Trustopay web application, enhancing overall user experience and retention.
- Collaborated with UX/UI designers to translate design mockups into functional interfaces and integrated frontend components with backend services.

PROJECTS

Apna Blog | *React.js, Node.js, Express.js, JWT, MongoDB* — [Github, Live]

- Developed a comprehensive full-stack blogging platform with CRUD functionalities using Node.js for the backend and React.js for the frontend.
- Implemented JWT-based user authentication to secure access and manage user sessions effectively.
- Implemented pagination to manage large datasets and enhance user experience.

Fine | *React.js, Node.js, Express.js, MongoDB, Tailwind, SCSS* — [Github, Devfolio, Live]

- Led frontend development within a 4-person team, utilizing React to design and implement user interfaces.
- Seamlessly connected loan providers and seekers through the Fine platform.
- Integrated APIs to enhance app functionality and data retrieval processes.
- Leveraged Node.js and Express.js for robust backend development, ensuring scalability and functionality.

Weather Condition Checker | *Node.js, Express.js, OpenWeather API* — [Github, Live]

- Developed a responsive web app using the OpenWeather API to provide real-time weather data.
- Utilized Node.js and Express.js for efficient backend functionality and data management.

EDUCATION

Parul University

Vadodara, Gujarat, IN

Bachelor of Technology in Information and Technology

2021 – 2025

TECHNICAL SKILLS

Languages: JavaScript, C/C++, Python(Basic), Java(Basic), HTML, CSS, MySQL

Frameworks: React.js, Node.js, TailwindCSS

Developer Tools: Version control Git, Github, VS Code

Libraries: Axios, Redux(Basic)

Others: Data Structure and Algorithm, Problem Solving, DBMS, Operating Systems, OOPs, Computer Networks, REST API,

ACHIEVEMENTS

- Selected for Round 2 of GFG's Solving for India Hackathon which is in collaboration with Google Cloud and AMD
- Achieved a 1150+ rating on CodeChef
- Participated in Devfolio X Parul University Lat's Hack Hackathon
- Earned the Leetcode 100 Days 2024 Badge
